NZSBA Breeders' Survey

The New Zealand Standardbred Breeders' Association is committed to ensuring breeders' voices are heard. In order to do this we have developed a breeders' survey which is available to complete online or via post.

The purpose of the survey is to find out exactly who are breeders are, what issues they are currently facing and how our organisation can improve its services to breeders.

The survey will only take approximately 5 minutes, we urge anyone who has bred or is planning on breeding a standardbred to complete this survey – with this information we can start to advocate on behalf of the breeder in areas of relevance.

To complete the survey please follow this link: <http://nzsba.questionpro.com>

Alternatively if you would like a copy sent to you by post, please contact the Kiely Buttell on 03 341 7093.
