

**22<sup>nd</sup> January 2010**

**Increased recognition for breeders**

The NZ Standardbred Breeders' Association would like to express their thanks to Harness Racing New Zealand for accepting their request to add breeders' names to the results section of their website.

The award winning HRNZ website and powerful search tool InfoHorse now includes the breeder details on those horses that were placed 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> in a race.

The NZSBA constantly strive to ensure that breeders' commitment and passion to our sport is recognised and this recent addition by HRNZ to their website goes a long way to accomplishing this.

It is interesting to note when browsing the results section that a high number of breeders also maintain the ownership of the horse.

The NZSBA are also hoping that harness racing clubs around the country also add the breeders name to the racebook, this facility is available by contacting HRNZ.
